

DEPARTMENT OF MICROBIOLOGY PRESENTS

MICROBES4YOU

LECTURE SERIES

FREE
Registration

Microbes4you is an initiative of the Department of Microbiology under which a number of activities are conducted every year by the students and for the students. This year the department is planning to conduct a series of guest lectures delivered by eminent personnel from the field of microbiology. This would be under the title,

“Expanding The Horizons of Microbiology”.

The objective is to introduce the students to the ever-changing frontiers of biological science and the new fields of microbiology. This will broaden the interest in research and inform the new avenues of professions. The on-line lecture series are designed to inculcate the spirit of entrepreneurship amongst the participants.

FOLLOWING ARE THE DETAILS OF THE LECTURES SCHEDULED-
