Please provide your feedback for the workshop

The workshop was really informative and would be helpful for us in our future endeavors.

I can think of many research projects that can be done with the facility at venture centre

It was great venture to accustomed with all the equipment the facility have and I like the concept of DIY in the Lab.

The two instruments we saw were demonstrated very well.

The workshop was very informative and wonderful with demonstration.

Informative

Workshop was well organized and informative.

This was good exposure to the faculties from medical background. This needs to be taken forward with more constructive aspects such as proposal writing and scrutiny.

The Session was very Informative. Specially we got to know how and when our Idea can be supported from different grants, by these support we can accelerate our Startup.

The workshop was well organized in terms of content. It actually provides entire overview of the incubation support which is available for the startups. I always appreciate the efforts of the entire team Venture Centre and looking forward for more of such workshops.

Please Provide any other topics you wish to suggest for a future talk/ workshop?

Prio art search and patent filing process

Want to know about health sciences scopes of research and development

Offline training workshop on IP rights

Hands on practice for Patent writing

Ayurveda... Drug development and cosmetology.

PROTOTYPE DEVELOPMENT

Marketing strategy and planning

Problem Identification and Ideation

It can be more define workshop for the Management Student as well as for the faculty.

Patent filing and procedures

Process of IP with its phases along with their pros & cons.

More information on spinoffs

Writing a grant for funding

Protocol Writing Workshop

I would like experts can talk on the machines with the students and also give them ideas that may facilitate them in thinking towards new arena.

Prototype grant application

Workshop on grant writing

Proposal writing. Dos and Donts.

Business Plan for a New Startup

De-risking technology

If you have any other suggestions, comments, etc., please share them below.

Well equipped set-up

Thank you for your efforts in enriching us with this knowledge. Interactive session could have been for longer time if feasible

Plz enlightened me for charges for using the various facilities

New drug patenting and about how to go on in a online business.

If we can get workshop on prototype making separately

it was good we learnt new things.

We would like to have many more mentoring session from Venture Centre.
