Little longer time for live demi
Excellent
It was good. I gain so much information from workshop.
Very nice
Good
The workshop was very fruitful.
Please provide a many hand on workshop
It was informative
It was great
This was a nice workshop nad helpful for gaining knowledge
It was quite satisfactory
Good
Best mentors
The speakers and mentors interaction is good. But campus visit in not in detail.
Good
The work shop was really good my favourite topic green pyramid
Was very use full and will use the information I got in future
It was good
It was excellent
A very nice experience. Got inquisitive regarding startup business.
It was very helpful to us as a microbiology student....they show us confocal microscope and
Good
It was good
informative and well-organized. The content and presenters were great
Workshop turned out to be very fruitful in terms of accelerating the entrepreneur within us. The speakers were interactive and paid keen attention to our questions leaving us satisfied. The mentors who guide us through the instruments gave detailed information about the same. The campus is very fascinating so looking forward to work here. Overall the experience was very overwhelming for me.
It was good workshop but with same it would be great if you could arrange lunch with the workshop
Session was very helpful & informative as I always wanted someone to help me with startup. Thank You !!
Satisfying
It was very excellent workshop. I am always fascinated about the start up environment so it was a very good session overall for me.
The workshop was very good . I understand so many things new , the demos were awesome , all teachers and team were best.
Workshop was very interesting.. got to learn many new things.
It was awesome
It was an excellent workshop with lots of information about confocal microscopy and flow cytometry and with other departments. And most importantly staff is very enthusiastic as well as helpful. This institute is very beautiful with lots of greenery I would like to visit again and again thank you
It was really useful and motivational session.
Its very good or productive.
The event was well-organized, informative, and highly beneficial. The venue and logistics were well-managed, ensuring a smooth and hassle-free experience for all attendees.
Was excellent experience
the workshop was a good experience that motivated me.I'm very satisfied with the workshop. It met my expectations and provided valuable knowledge and inspiration. I feel well-prepared for my startup journey.
Amazing
Satisfied
Great experience
Gr8 wrk
It was good n full of information
Excellent
I had a good experience

More advance texhniques
Hands on training for instruments
Medical microbiology
I would like to have a workshop where in which we can have hands-on experience over the instruments in the venture.
Good startups and future opportunities on them
How to contact when we are there with some idea & funding for startup.
Research and development
HPLC
Career opportunities in India and abroad.
Regarding advanced microbiology , selection of project and development on project
Projects
Sure
Patent
Since the today's talk was only limited to startups and business oriented, in future we would really like to explore about career opportunities microbiologists can avail in government and semi government sectors.
Hands on instrument workshop
If there is a possibility of arranging a one-day hands-on workshop, I would greatly appreciate it. Please do let me know if there are any upcoming events or if you could consider organizing one in the coming months. I am eager to participate and enhance my practical skills in these areas.
Hands on instruments
Related to Ai projects and data science
Tissue culture
Bacteria and chronic infection in detail
Marketing strategy..how it actually work in Bio science area
Start up
Discuss the importance of cultivating an entrepreneurial mindset.
